REAL WORLD TESTING RESULTS REPORT

GENERAL INFORMATION

Report ID Number	20211111FIG
Developer Name	FIGmd Inc.
Product Name(s)	FIGmd Pegasus Quality Platform
Version Number(s)	2.0
Certified Health IT Product List (CHPL) ID(s)	15.02.05.2726.FIGM.01.01.0.220124
Developer Real World Testing PLAN Page URL	https://www.figmd.com/real-world-testing.php#
Developer Real World Testing RESULTS Page URL	https://www.figmd.com/real-world-testing.php#

[OPTIONAL] CHANGES TO ORIGINAL PLAN

Summary of Change [Summarize each element that changed between the plan and actual execution of Real World Testing]	Reason [Describe the reason this change occurred]	Impact [Describe what impact this change had on the execution of your Real World Testing activities]
Certificate ID under UL LLC (previous ONC-ACB) - 15.02.05.2726.A119.01.00.0.210209 Certificate ID with SLI Compliance (current ONC-ACB) - 15.02.05.2726.FIGM.01.01.0.220124	The certification ID has changed due to change in ONC-ACB	None

[OPTIONAL] WITHDRAWN PRODUCTS

Product Name(s):	None. As listed above the certification ID has changed due to change in ONC-ACB.
Version Number(s):	
CHPL ID(s):	
Date(s) Withdrawn:	
Inclusion of Data in Results Report: [Provide a statement as to whether any data was captured on the withdrawn products. If so, this data should be identified in the results report.]	

SUMMARY OF TESTING METHODS AND KEY FINDINGS

The real world testing demonstrates that Pegasus Quality platform is compliant with c(1), c(2) and c(3) (Cures Act) criteria against which it is currently certified. We did three rounds of testing as listed in Key milestones section.

The three rounds of testing demonstrated that:

1. Providers/Practices using Pegasus Quality platform in the production environment were able to generate QRDA1 and/or QRDA3 files for CMS measures relevant to the practice/provider (while testing we used CMS 130, CMS 122 and CMS 068, as these CMS measures are most widely used by our customers).

2. Providers/Practices were able to upload QRDA1 files and download QRDA1 and/or QRDA3 files by themselves.

3. FIGmd's customers use the QRDA3 files for their annual CMS submissions.

We did not observe any non-conformities or challenges during the three rounds of testing.

STANDARDS UPDATES (INCLUDING STANDARDS VERSION ADVANCEMENT PROCESS (SVAP) AND UNITED STATES CORE DATA FOR INTEROPERABILITY (USCDI))

Both required and voluntary standards updates must be addressed in the Real World Testing plan. Real World Testing plans must include all certified health IT updated to newer versions of standards prior to August 31 of the year in which the updates were made.

Indicate as to whether optional standards, via SVAP and/or USCDI, are leveraged as part of the certification of your health IT product(s).

[X] Yes, I have products certified with voluntary SVAP or USCDI standards. (If yes, please complete the table below).

[ ] No, none of my products include these voluntary standards

Standard (and version)	CMS Implementation Guide for Quality Reporting Document Architecture: Category I; Hospital Quality Reporting Implementation Guide for 2020 CMS Implementation Guide for Quality Reporting Document Architecture: Category III; Eligible Clinicians and Eligible Professionals Programs; Implementation Guide for 2020
Updated certification criteria and associated product	c(3) cures update, FIGmd Pegasus Quality Platform
Health IT Module CHPL ID	15.02.05.2726.FIGM.01.01.0.220124
Method used for standard update	Cures Update
Date of ONC ACB notification	Oct 13, 2022
Date of customer notification (SVAP only)	NA. SVAP was not used.
Conformance measure	Ability of users to upload data in QRDA1 format. Ability of users to generate QRDA 3 files, and QRDA1 and QRDA 3 files are available for download
USCDI updated certification criteria (and USCDI version)	NA

Care Setting(s)

Primary Care - Outpatient individual primary care office visits.

We had sampled out some practices/providers who are using this primary care setting. The functionality of Pegasus Quality platform allowed the users to upload data in QRDA1 format and QRDA1 files were available for download, and users were able to generate QRDA 3 files and were able to download QRDA1 and QRDA3 files by themselves.

We did not observe any non-conformities.

Metrics and Outcomes

Measurement /Metric	Associated Criterion(a)	Relied Upon Software (if applicable)	Outcomes	Challenges Encountered
Users are able to upload data in CCDA/QRDA format and QRDA1 files are available for download.	170.315(c)(1)	None	Data in CCDA/QRDA format is automatically ingested by FIGmd Pegasus Quality Platform. QRDA 1 files generated by Pegasus Quality Platform are available for download. This was achieved in all 3 rounds of testing and we did not have any non-conformities.	None
Users are able to upload QRDA1 file to Pegasus Quality Platform and Pegasus Quality Platform is able to generate QRDA 3 files and both QRDA1 and QRDA 3 files are available for download.	170.315(c)(2) and (c)(3) cures update	None	1. QRDA 1 file successfully ingested/imported in the FIGmd Pegasus Quality Platform 2. QRDA 3 file successfully generated by the FIGmd Pegasus Quality Platform. 3. QRDA 3 file and QRDA 1 file are available to be exported from theFIGmd Pegasus Quality Platform. 4. QRDA 3 file and/or QRDA1 file are successfully exported/downloaded from the FIGmd Pegasus Quality Platform. This was achieved in all 3 rounds of testing and we did not have any	None

			non-conformities.	

KEY MILESTONES

Key Milestone	Care Setting	Date/Timeframe
Conduct Real World Testing Round 1	Primary Care - Outpatient individual primary care office visits.	July 12, 2022
Conduct Real World Testing Round 2	Primary Care - Outpatient individual primary care office visits.	September 9, 2022
Conduct Real World Testing Round 3	Primary Care - Outpatient individual primary care office visits.	November 30, 2022
Collate the test results in the Test Result Report format	NA	December 15, 2022
Test Result Submission to ONC-ACB for publishing on CHPL	NA	January 14, 2023
Publishing RWT Test Results for 2023 (i.e. based on plan of 2022) on corporate website	NA	February 2, 2023
